IDENTIFIERS	*Louisiana

ABSTRACT

The Louisiana State Board of Regents' 1999-2000 Student Transfer Guide and General Education Articulation Matrix represents Louisiana public higher education's ongoing effort to improve the transfer process. The courses in this guide's matrix are typically referred to as "general education" or "core curriculum" courses. Students should note that this matrix is limited to those general education courses for which full credit would likely be granted by most other Louisiana colleges and universities. The student is urged to contact the institution to which he/she is transferring to determine if courses will count toward degree requirements in a specific major. This guide contains an introduction, a description of the current Board of Regents' general education requirements, listings of Louisiana's public higher education institutions, which includes Louisiana's public two-year and four-year colleges and universities, and the general education articulation matrix. The required general education coursework for baccalaureate degree program includes a total of 39 hours in English, mathematics, computer literacy, natural sciences, arts, humanities, and social sciences. Information is included on transfer contacts, financial aid office contacts, housing contacts (if available), 1999-2000 annual tuition rates, general guidelines for transfer students, and determination of degree credit and course equivalencies for transfer courses. GENERAL EDUCATION ARTICULATION MATRIX 26

INTRODUCTION

Educational policies and practices can no longer be predicated on the assumption that students will complete a degree program at the same institution in which they initially enrolled. Today, increasing numbers of students at Louisiana's colleges and universities are transfer students.

When students' courses do not transfer, they must often be repeated. This results in students having to pay additional tuition and fees, delays their graduation, and means that students lose potential income. It also requires an additional expenditure of taxpayers' money. Savings students may have realized by enrolling at a lower cost institution could be lost if the courses do not transfer.

The Louisiana Board of Regents and the higher education community recognize the importance of well designed transfer policies. Transfer policies should be practical, predictable, and fair. Over the past few years, the Board of Regents, the Management Boards (Louisiana State University, Southern University, University of Louisiana and the Louisiana Community and Technical College System Boards of Supervisors) and all their member institutions have worked together to make the transfer process easier to understand and to complete with a minimum loss of credit. As a result of these efforts, this guide includes a matrix of General Education college credit courses which (with few exceptions) can transfer between and among most of Louisiana's public colleges and universities.

This guide represents Louisiana public higher education's on-going effort to improve the transfer process. Although each of Louisiana's campuses is unique and serves a specific mission, the higher education community also recognizes that in order to better serve students, the process of transfer and evaluation of credit must be more easily understood. The courses in this guide's matrix are typically referred to as "general education" or "core curriculum" courses. While for the most part all of these courses will transfer for credit between and among Louisiana's institutions, *students must remember that these courses may or may not be applied to a particular degree program.* Students should note that this matrix is limited to those general education courses for which full credit would likely be granted by most other Louisiana colleges and universities. In addition to this statewide agreement, many institutions have entered into specific transfer/articulation agreements. *These institutional agreements often include far more extensive listings of courses which can be successfully transferred between those specific institutions.* **Therefore, the student is *urged* to contact the institution to which he/she is transferring to determine if courses will count toward degree requirements in a specific major.**

To make this process easier, this guide includes contact information for each campus. Additionally, information on tuition rates and office contacts for financial aid and housing are included for the student's use.

CURRENT BOARD OF REGENTS' GENERAL EDUCATION REQUIREMENTS

The Board of Regents' General Education Requirements include 39 credit hours of college-level courses for a baccalaureate degree program (twelve hours for an associate degree program). These 39 hours are distributed across a number of disciplines and typically represent a total of thirteen courses. The enclosed matrix includes courses from which these thirteen can be chosen. However, since (1) the Regents' policy provides flexibility in how each institution meets these general education requirements and (2) some of Louisiana's institutions have supplemented the Regents' requirements with institutional requirements, students considering transferring are urged to contact the institution to which they are considering transferring in order to determine whether additional requirements exist.

REQUIRED GENERAL EDUCATION COURSEWORK FOR BACCALAUREATE DEGREE PROGRAM

ENGLISH	6 hours
MATHEMATICS	6 hours
COMPUTER LITERACY	*(requirements to be determined by each campus)*
NATURAL SCIENCES	9 hours
ARTS	3 hours
HUMANITIES	9 hours
SOCIAL SCIENCES	6 hours
TOTAL	**39 hours**

Louisiana's Public Higher Education Institutions*

* - The campuses of the Louisiana Technical College are not included because they were not coordinated by the Board of Regents until July 1999.

The following information is **general** in nature. For more information, *the student is urged to write or phone the transfer student contact* listed above.

Criteria/materials required for admission of transfer students:
- Completed application for admission
- Official transcripts from each college and university attended
- Students must be eligible to return to their transfer institution

Determination of degree credit and course equivalencies for transfer courses

Faculty teaching in the discipline of the transfer course have already made decisions about the equivalency of courses from Louisiana colleges and universities. This information is used by the Admissions Office to determine which transfer courses will count toward a degree from Delgado. Questions concerning transferability of courses from out of state and for new courses from Louisiana colleges/universities are answered by faculty teaching in the discipline at Delgado.

General Guidelines for Transfer Students

The following information is **general** in nature. For more information, *the student is urged to write or phone the transfer student contact* listed above.

Criteria/materials required for admission of transfer students:

- Completed application for admission
- Official transcripts from each college and university attended
- If students do not have transfer credit in English or Math or ACT scores, the student is required to take the ACT Compass or ACT Asset Test prior to registering for any general education courses
- Must be eligible for readmission to the school last attended
- Official high school transcript if student has earned less than 12 hours of college credit

Determination of degree credit and course equivalencies for transfer courses

Transfer tables which have been developed by many institutions are used to determine equivalencies. College catalog course descriptions are used by admissions office personnel for courses not on a pre-determined table. If admissions office personnel are unable to determine an equivalency, academic divisions are contacted to make equivalency assessments.

General Guidelines for Transfer Students

The following information is **general** in nature. For more information, *the student is urged to write or phone the transfer student contact* listed above.

Criteria/materials required for admission of transfer students:

- Completed application for admission and appropriate application fee
- Official transcripts from each college and university attended
- Overall 2.00 grade point average or better on all college work attempted
- Transfer students who have earned fewer than 24 credit hours of college-level work must also meet the requirements for freshman admission

Determination of degree credit and course equivalencies for transfer courses

The evaluation of credits from other institutions is coordinated in the Office of Undergraduate Admissions. Jurisdiction of course equivalencies is assigned to the departmental faculty, who review course descriptions and syllabi from other institutions and determine appropriate equivalent credit. Where no equivalent course exists at LSU, credit will be undesignated and will appear on the transcript denoting the level only. For example, a sophomore-level course at LSU is designated as a 2000-level course. Therefore, an undesignated 2000-level course would appear on the transcript as 2XXX. The extent to which undesignated courses are used for degree credit is determined by the senior college.

- Completed application for admission
- Official transcripts from each college and university attended
- High school transcripts are required for students with fewer than 12 semester hours of credit
- ACT scores are required for students who have not earned credit in English 101, or its equivalent, and Mathematics 113, or its equivalent
- Students must be eligible for readmission to the last collegiate institution attended

Determination of degree credit and course equivalencies for transfer courses

A *The Office of Admissions will review the course descriptions, prerequisites, and level, and award credit for acceptable courses.*

B *Applicability of transfer credit to the student's McNeese degree program is determined by the student's academic department.*

C *If course equivalencies are unclear from descriptions, academic departments are contacted to make equivalency assessments.*

General Guidelines for Transfer Students

The following information is **general** in nature. For more information, *the student is urged to write or phone the transfer student contact* listed above.

Criteria/materials required for admission of transfer students:

- Completed application for admission
- Official transcripts from each college and university attended
- ACT or Nicholls placement test score for students who do not have English and Math transfer credit

Determination of degree credit and course equivalencies for transfer courses

Transfer credit evaluators review catalog descriptions to determine equivalencies. Transfer tables of equivalencies have been created for many institutions. When the advisor is checking the student for registration or graduation, the advisor makes the determination of how the course can be used in the student's degree program. The advisor completes a course substitution form which is processed through the chain of command to allow the course to be accepted for credit towards the degree.

General Guidelines for Transfer Students

The following information is **general** in nature. For more information, *the student is urged to write or phone the transfer student contact* listed above.

Criteria/materials required for admission of transfer students:

- Completed application for admission
- Transfer students must be eligible to return to the institution from which they are transferring
- No tests or scores are required of students coming to Southeastern having thirty (30) or more hours of transfer work.
- For transfer freshmen not having completed college English or Math an ACT score is required for placement purposes
- Official transcripts from each college and university attended High school transcripts are not required

Determination of degree credit and course equivalencies for transfer courses

The Transfer Admissions section of the Office of Enrollment Services determines credit for transfer courses. The office takes the catalog description of the courses and equates them to Southeastern equivalencies. If there is a question regarding the equivalency of a course description, then it is referred to the academic department where the course would be taught and the department head makes an evaluation of the course equivalency. This information is then returned to the Office of Enrollment Services. The academic department determines how the transfer courses apply to the degree program.

General Guidelines for Transfer Students

The following information is **general** in nature. For more information, *the student is urged to write or phone the transfer student contact* listed above.

Criteria materials required for admission of transfer students:

- Completed application for admission
- Eligibility to return to the prior institution and successful completion of all required developmental work with a grade of C or better
- ACT scores for students transferring with no college English and/or math
- Official transcripts from each college and university attended. High school transcripts are not required
- Transfer students currently on academic suspension from their last college or university are not eligible for admission unless the suspension rules at that college or university are more harsh than those of USL. In those cases, the university follows its own guidelines.

Determination of degree credit and course equivalencies for transfer courses

Academic Deans determine how all courses apply to a degree.

$2,362	$7,888

General Guidelines for Transfer Students

The following information is **general** in nature. For more information, *the student is urged to write, phone or e-meil the transfer student contact* listed above.

Criteria/materials required for admission of transfer students:

- Completed application for admission
- If students are transferring fewer than 18 hours, a minimum ACT of 20 or SAT I of 950 is required
- Placement for all students who have not completed college credit in mathematics and English is by ACT score
- Official transcripts from each college and university attended
- Official high school transcripts for students transferring fewer than 18 hours

Determination of degree credit for transfer courses and course equivalencies

The extent to which specific courses are used for degree credit is determined by departmental or college representatives within the respective programs. Transfer credit evaluators in the Admissions Office review catalog descriptions to determine course equivalencies. Transfer tables of equivalencies have been created for many institutions. If course equivalencies are unclear from descriptions, the Admissions Office contacts academic departments to make equivalency assessments.

GENERAL EDUCATION ARTICULATION MATRIX

Unless otherwise noted, all courses in this Matrix transfer to all institutions as General Education courses. A course accepted as an equivalent or as a substitute for a required General Education course may or may not be accepted as equivalent or substitute for a course required in the major in a specific discipline: e.g., Biology. A student should contact the institution to which he or she intends to transfer to inquire about the potential transferability of the course and to determine whether the course will count in his or her major.

Endnotes' and Asterisks' Legend:

a. An endnote beside a "crosswalk course" in column 1 [e.g. Chemistry (7)] signifies that a receiving institution treats that course from all sending institutions in the same manner.

b. An endnote beside an institution's course generally means that the course may not be accepted as an equivalent course by one other institution.

c. An asterisk (*) beside an institution's course in the Matrix means that two or more institutions do not accept the course as an equivalent course. A student should contact the institution to which he or she intends to transfer to inquire about the potential transferability of the course and to determine whether the course will count in his or her major.

d. A double asterisk (**) beside a "crosswalk course" in column 1 [e.g. Argumentation and Debate (**)] signifies that courses in this row are upper division courses at some institutions and lower division courses at other institutions. Therefore, students should contact the receiving institution regarding transferability of credit.

Louisiana Public Higher Education General Education Course Articulation Matrix

Courses in this Matrix have been evaluated by institutions listed in the Matrix. UNLESS OTHERWISE NOTED, ALL COURSES in a given row of this matrix are equivalent to each other and will be accepted for general education credit. A course **MAY OR MAY NOT BE ACCEPTED** as equivalent to or substitution for a course IN A SPECIFIC DISCIPLINE/MAJOR, e.g., Biology. For a Course accepted for transfer credit, the receiving institution may require documentation that the course was taught by faculty with the appropriate qualifications, especially courses from institutions which are neither accredited nor candidates for accreditation by the Commission on Colleges of the Southern Association of Colleges and Schools (COC/SACS). All institutions listed in the Matrix are currently accredited by COC/SACS with the exception of the following new and emerging community colleges: BRCC, RPCC, SLCC.

Louisiana Public Higher Education General Education Course Articulation Matrix

Courses in this Matrix have been evaluated by institutions listed in the Matrix. UNLESS OTHERWISE NOTED, ALL COURSES in a given row of this matrix are equivalent to each other and will be accepted for general education credit. A course **MAY OR MAY NOT BE ACCEPTED** as equivalent to or substitution for a course IN A SPECIFIC DISCIPLINE/MAJOR, e.g., Biology. For a Course accepted for transfer credit, the receiving institution may require documentation that the course was taught by faculty with the appropriate qualifications, especially courses from institutions which are neither accredited nor candidates for accreditation by the Commission on Colleges of the Southern Association of Colleges and Schools (COC SACS). All institutions listed in the Matrix are currently accredited by COC SACS with the exception of the following new and emerging community colleges: BRCC, RPCC, SLCC.

Louisiana Public Higher Education General Education Course Articulation Matrix

Courses in this Matrix have been evaluated by institutions listed in the Matrix. UNLESS OTHERWISE NOTED, ALL COURSES in a given row of this matrix are equivalent to each other and will be accepted for general education credit. A course **MAY OR MAY NOT BE ACCEPTED** as equivalent to or substitution for a course IN A SPECIFIC DISCIPLINE/MAJOR, e.g., Biology. For a Course accepted for transfer credit, the receiving institution may require documentation that the course was taught by faculty with the appropriate qualifications, especially courses from institutions which are neither accredited nor candidates for accreditation by the Commission on Colleges of the Southern Association of Colleges and Schools (COC SACS). All institutions listed in the Matrix are currently accredited by COC SACS with the exception of the following new and emerging community colleges: BRCC, RPCC, SLCC.

Foreign language courses taken to satisfy the Board of Regents' General Education requirements for the Certificate of Excellence at the baccalaureate level must be above the introductory level. Individual institutions, however, may accept elementary foreign language courses to fulfill institutional general education requirements.
NOTE: Students are encouraged to take a language placement examination if transferring mid-sequence.

Legend

Endnote beside "crosswalk course" = a receiving institution treats that course from all sending institutions in the same manner.
Endnote beside institution's course = one other institution does not accept as equivalent.
An asterisk (*) = Two or More Institutions do not accept as equivalent.
Double asterisk (**) = Courses in this row are upper division courses at some institutions and lower division courses at other institutions. Therefore, students should contact the receiving institution regarding transferability of credit.

Double asterisk (**) — Courses in this row are upper division courses at some institutions and lower division courses at other institutions. Therefore, students should contact the receiving institution regarding transferability of credit.

Louisiana Public Higher Education General Education Course Articulation Matrix

ENDNOTES

(1) U of L - Monroe accepts La Tech's Math 101 for general education credit but not as equivalent to its Math 111.

(2) La Tech does not accept Grambling's Math 132 as equivalent to its Math 112.

(3) LSUA accepts the following courses for general education credit but not as equivalent to its corresponding course(s): [BPCC's Micr 110; Phw 105; Delgado's Scie 101; MSU's Mbio 201; NSU's Sci 1020 & 2020; and SUBR Biol 230].

(4) LSUA does not accept SUS's Biol 105 for general education credit.

(5) LSU A&M accepts the following courses for general education credit but not as equivalent to its corresponding course(s): [DCC's Phys 141 144; GSU's Phys 109 112; MSU's Phys 201 202; Nicho's Biol 203; foreign lang courses; NSU's Anth 2020; SLU's Psyc 1010; SUNO's Chem 242; SUS's Biol 200; Chem 230 231; ULL's Phys 207 208, 217 218 and Chem 101; ULM Antg 307.

(6) UNO accepts the following courses for general education credit but not as equivalent to its corresponding course(s): [Delgado's Biol 210 and 212; Chem 221 and 222; Anth 160 and Spch 230; and Nunez's Anth 160 and Spch 110].

(7) LSUA accepts General Chemistry courses for general education credit but not as equivalent courses.

(8) La Tech's Organic Chemistry Lecture courses have a 3 quarter sequence rather than a two semester sequence. Each lecture course is 2 semester credit hours.

(9) ULM has multiple offerings which will satisfy the requirements for the Cultural Anthropology course. They are: Antg 307; Anrs 307; Socl 307; Socl 300E; or Geos 400B.

(10) LSUS only accepts Hist 224 & 225 from SUS and SUBR as American History I and II.

(11) LSU A&M accepts course as an equivalent course, where appropriate, but not for general education credit.

(12) LSUA does not accept McNeese's Geog 211 as an equivalent course. However, LSUA will accept McNeese's Geog 101 & 102 as equivalent to its Geog 1003 & 1003.

(13) Grambling will accept 200/2000 level, but not 100/1000 level, Physical Geography courses as equivalent to its Geog 308.

(14) To be equivalent to LSU A&M's Psyc 2000, students must complete SLU's Psyc 101 & 102 [102 not in matrix]; ULL's Psyc 213 & 214 [both not in matrix] or NSU's Psyc 1010 & 2020 [2020 not in matrix].

(15) The method for determining Computer Literacy differs at each institution. The student is encouraged to contact the institution to which he/she is transferring for specific information concerning.
